Subject: Provide immediate access to the forms we have just filed
Date: Monday, November 6, 2023 12:06:41 PM

Hello,

Pursuant to the Commission's request for comments on ways to improve its online user experiences, I'd like to request that online form submissions provide an immediate copy of the form we've just submitted along with the acceptance email. It does not seem like it should be too difficult to have the automated email contain the filed form as an attachment.

Thanks,

Amelia Manlove (she/her)
